Polytheism was once a natural order by where many distant cultures shared tradition based on solstice worshipping, both winter and summer. Monotheism consolidated those traditions into succinct Christ / Lord / Jesus / Titans mythology. The 25th to December is the Winter Solstice. Sometimes known as the Candle Mass. Christ Mass is a time when we eat the body of Christ. You can assume that's Jesus. The blood is represented as wine. Traditions preserved in ortodox ceremonies to this day.
